LOVE IN COLOR!

Nothing is written in stone. When everything feels like an uphill struggle, just think of the view from the top. Change your altitude not your attitude. Don't feel guilty for not finishing your project. There are knitters who never had the courage to even start. Creativity is to learn all the rules there are and then break them. True art is to show your colors and to not be afraid of them. Don't turn your heart into stone and remember that sometimes your heart speaks best through your hands. Find comfort in the rhythm of the sea because happiness comes in waves... It is not about being good at something, it's about being good to yourself. You decide your vibe. Life is full of mountains waiting to be climbed. Never stop climbing - knit on.
